

Introduction

Have you ever had to use a microphone ... to get your message across?

As you become a better speaker,.....you'll be talking to larger audiences.
This will give you opportunities,.....or be required ... to use a microphone.

Most Toastmasters do not grab these opportunities to make a greater impact.
This is usually because they are uncomfortable.....with the use of a hand-held microphone

When they do use a microphone often ... they use it poorly.
They just don't harness ... it's full potential.

Henk van den Bergen is a singer, ... a speaker and an all round nice guy.
He's had many opportunities to learn how to use a microphone.

So tonight,.....you're going to get an insight, into the many different kinds of microphones,
the benefits of using a microphone and the Dos and Don'ts ... of microphone technique.

With his educational titled,....."Speak Up" ... "Speak Up"
please help me ... give Henk, a really warm welcome.
